

Save 20%* on your HVAC utility cost while you control, monitor and troubleshoot your commercial and residential buildings from anywhere.

*Typical savings when Venstar ColorTouch with WiFi thermostats are installed

Introducing the ColorTouch™ Thermostat and WiFi Key

Perfect for schools, campuses, restaurants, banks, retailers, offices, property management companies – and your home!

- Monitor and control comfort settings at multiple buildings and locations
- Program and control hundreds of thermostats from your computer, Smartphone or iPad
- Check operating efficiency of equipment and detect failures before they occur
- Monitor run time hours (cooling & heating)
- Get service alerts and high / low office temp alerts sent by email to you and/or your service contractor or dealer
- Payback for cost of thermostats, Wifi and installation in as little as 3 months!

Security Options

- Prevent unauthorized use by auto-screen lock and set-point limiting
